Hi Tim, Sally, Nikki, Chris and Robin,
Just in case you get asked for talking points/materials, this is the DOI approved comm plan related to the changes to the Utah National Monuments. Regarding new maps/data, DOI had requested that Utah wait to release that information, but hopefully we will get it later on this week. Utah thinks they will be able to update all the informational materials by sometime in February.

Have a good evening!

Best,

Rachel

Hi all,

For your info and appropriate use. Here is the Bears Ears communications plan. I will check with Mike Richardson to see if it has been updated since the president's visit and send that if it has, but the key messages are solid.

Let me know if you have any questions.

Michelle

DRAFT - Internal Working Document – November 30, 2017 - DRAFT

Communication Plan

Presidential Action on Secretarial Recommendation for Grand Staircase-Escalante National Monument and Bears Ears National Monument

INTRODUCTION

President Trump will visit Utah in early December to announce action on Interior Secretary Zinke's recommendations for the Bears Ears National Monument and Grand Staircase-Escalante National Monument. This plan provides key messaging and information to use during the roll-out of the new decisions when responding to both the public and media.

BACKGROUND

BLM Utah manages two national monuments: Grand Staircase-Escalante National Monument established by President Clinton in 1996 and Bears Ears National Monument established by President Obama in 2016. Both monuments have been the subject of intense media scrutiny and controversy.

In April 2017, President Trump issued an Executive Order requesting review of certain monuments, including the GSENM and BENM. Secretary Zinke conducted a thorough review and prepared his recommendation to the President.
